Finance & FP&A Professional | Financial Analysis | Management Reporting | Project Finance | Business Intelligence | UAE VAT & Corporate Tax

Dubai, UAE • +971 58 817 1660 • sanilkumarskply@gmail.com • [linkedin.com/in/sanil-kumar-a43699145](https://www.linkedin.com/in/sanil-kumar-a43699145)

PORTFOLIO — Live FP&A Dashboards, Financial Models & KPI Frameworks: sanilkumarskply.github.io/sanilkumarskply.github.io

EXECUTIVE PROFESSIONAL SUMMARY

Finance & FP&A professional with 6+ years of UAE experience across events & B2B services, infrastructure & construction, and maritime technology. Holds two concurrent finance roles under common management — a mainland B2B services business on project revenue and a free zone SaaS business on subscription revenue with international clients and multi-currency settlement — owning two distinct revenue recognition positions, two tax regimes and two cost bases. Files UAE VAT and Corporate Tax for both entities via the FTA EmaraTax portal and takes both through statutory audit to signed accounts. Designs and builds production FP&A models in Advanced Excel and Power Query — cash flow forecasting, scenario planning, variance analysis and project cost-to-complete tracking — used weekly to drive liquidity, pricing and margin decisions. Targeting FP&A, finance business partnering and project finance roles in multinational, project-driven organisations.

CORE COMPETENCIES

- Management Reporting & KPI Analysis
- Cash Flow & Working Capital Management
- Project Cost Control & Cost-to-Complete
- UAE VAT & Corporate Tax (EmaraTax)
- Business Intelligence & Dashboards
- Financial Modelling & Scenario Analysis
- Variance Analysis & Root-Cause Commentary
- Contribution-Margin & Profitability Analysis
- Revenue Recognition (IFRS 15 / ASC 606)
- Statutory Audit Coordination & Reporting
- Process Automation & AI for Finance

PROFESSIONAL EXPERIENCE

Accountant

Print Outs Exhibition Organizing & Conferences LLC

Nov 2022 – Present

Business Bay, Dubai, UAE

Award-winning B2B print and brand solutions company — XEROX co-branded partner and 7-time DIPA Award winner.

- **Built an Advanced Excel cash flow forecasting model** driven by receivables and supplier ageing pivots, delivering weekly forward cash visibility and improving working capital predictability by 15–20%.
- **Designed an operational control dashboard** consolidating financial checklists, strengthening internal controls and accelerating month-end close from 10 days to 5 days.
- **Deliver monthly management reporting packs** with KPI analysis and variance commentary, reducing executive reporting cycles by 3 days and providing actionable insight for decision-making.
- **Run contribution-margin analysis across revenue streams**, optimising pricing strategy and identifying low-margin jobs to protect gross margins by 3–5%.
- **Own end-to-end financial accounting and month-end close** for general ledger integrity, maintaining full reconciliation accuracy across all balance sheet accounts.
- **Prepare and file UAE VAT and Corporate Tax returns** under FTA regulations, maintaining a clean compliance record with zero penalties across all periodic filings.
- **Coordinate the annual audit through to signed financial statements**, resolving auditor queries and delivering clean audit reports 2 weeks faster year-over-year.
- **Manage payroll accounting and WPS compliance** for 25+ employees under UAE Labour Law, alongside corporate insurance renewals.

Accountant CONCURRENT

SteelCorr DMCC

Nov 2022 – Present

Dubai, UAE

AI-powered marine corrosion and paint maintenance technology across 400+ vessels. ISO 9001 & ISO 27001 certified, Dubai AI Seal enterprise. Clients include BP, CMA CGM, Hafnia, Stena Bulk, Ardmare Shipping and DNV.

- **Maintain financial accounting and reporting for a high-growth SaaS platform** serving 15+ international maritime & energy enterprise clients, ensuring full ASC 606 / IFRS 15 revenue alignment.
- **Account for subscription revenue billed in advance**, managing deferred revenue schedules across multi-year contracts and improving revenue recognition accuracy to 100%.
- **Handle multi-currency invoicing and settlement (USD, EUR, AED)** across overseas accounts, implementing FX exposure tracking that reduced exchange losses by 12%.
- **Prepare and file Corporate Tax returns via the FTA EmaraTax portal for a Free Zone entity**, optimising tax computations under qualifying free zone regulations to achieve full FTA compliance.
- **Prepare and file UAE VAT returns**, accurately managing zero-rated export treatments for foreign shipping entities to ensure zero audit penalties.
- **Coordinate statutory audits to signed financial statements**, resolving complex software revenue-recognition queries to secure clean audit opinions 2 weeks ahead of statutory deadlines.
- **Analyse audit reports and technical accounting judgements**, translating findings directly into tax computations and internal SOP updates to streamline future close cycles by 20%.

Accountant — Project Accounting

Highlands Landscaping & Golf

Aug 2020 – Nov 2022

Dubai, UAE

Large-scale outdoor infrastructure and golf course development.

- **Delivered end-to-end project cost accounting across AED 50M+** in landscaping and infrastructure developments — tracking committed vs. actual cost against budget and delivering weekly financial performance reports to project directors.
- **Analysed cost variance on DEWA and district-cooling contracts**, identifying budget overruns while work was still active to achieve a 10% reduction in utility cost overruns.
- **Managed working capital across AR and AP cycles**, implementing rolling project cash flow forecasts that improved collection turnaround by 15 days and secured liquidity throughout the delivery lifecycle.
- **Prepared and reviewed UAE VAT returns** across complex project-related transactions, retention billing and sub-contractor valuations with full FTA compliance.
- **Coordinated internal and external audits with zero non-conformities**, and managed payroll accounting and WPS compliance across a 150+ project site workforce.

Accountant

AFPA Fire Fighting & Safety Equipment Installation LLC

Dec 2019 – May 2020

Dubai, UAE

- **Managed daily accounting operations — AP/AR, bank reconciliations and financial reporting** — alongside VAT filing, budgeting support, cash flow monitoring, audit coordination, payroll and construction project accounting.

Accountant / Accounts & Systems

Thakadiyel Group · Rubber India Traders

2017 – 2019

Kerala & Karnataka, India

- **Ran daily accounting operations, bank reconciliation and financial reporting** alongside IT and software administration — the foundational discipline underpinning subsequent UAE finance work.

CORE FP&A MODELS & ANALYTICAL TOOLS (SELF-DEVELOPED)

► View these models, FP&A dashboards and KPI frameworks in detail: sanilkumarskply.github.io/sanilkumarskply.github.io

- **Cash Flow & Working Capital Engine** — integrated AR/AP ageing logic in Power Query and GETPIVOTDATA to drive weekly liquidity planning — sequencing supplier payments, prioritising collections and timing discretionary spend. In live weekly management use.
- **FP&A Management Suite** — multi-scenario variance analysis and revenue forecasting models spanning executive performance reporting, budget vs. actual with root-cause commentary, base/upside/downside scenario planning and working capital conversion — each surfacing management insight, key risk and recommended action.
- **Project Cost-to-Complete Trackers** — automated actual vs. budget cost tracking across infrastructure contracts — committed vs. incurred cost, estimate at completion and forecast margin erosion measured against the tendered position.

PROJECT FINANCE & COST CONTROL PORTFOLIO

- **TSE Network, District Cooling Plant (CW-98) — Soft Landscape & Auto-Irrigation Reinstatement** — Hills & Fort Construction LLC, Business Bay (2019–2022). Cost tracking, budget vs. actual and project performance reporting.
- **RFX2131800021 SecA/C087-DEWA — Soft Landscape & Auto-Irrigation Reinstatement** — Electrical Engineering LLC, The Gardens, Jebel Ali First (2020–2022). Project cost accounting, cost variance and cash flow management.
- **DEWA 132 KV Lines Reinstatement — PO-3761800056** — Electrical Engineering LLC, Al Safa Park, Dubai (2020–2022). Cost accounting and operational cost analysis for high-voltage line reinstatement.
- **QUDRARD Cabling Site — Soft Landscape Removal & Reinstatement** — Emirates Electrical Engineering LLC (2020–2022). Cost accounting, cost variance analysis and financial tracking.
